Highlights

Experience with web design, front-end design/development, responsive design, UI/UX design.

Desire to improve and learn more design skills.

Passed the milestone to get into the selective Graphic Design program at Arizona State University.

Multiple years of experience in the Adobe Creative Cloud.

Design aspects I use everyday: Space, balance, color interaction, line interaction, layouts, form, typography, and hierarchy.

Experience

Freelance Design Work

Orange Whip Golf & Fitness — Improving user experience and helping manage web content on e-commerce website.

Field General LLC — Full brand design, social media content design and user interface design for mobile app.

Cottonwood Country Club — Greenskeeper May 2021 to Present

Using my design knowledge in a landscape environment by mowing different lines and patterns in the grass.

Efficiently following daily guidelines of what is needed to be done around the course.

Listening to the members suggestions and relying the information to the supervisors and co-workers.
